

Request for Personal Protective Equipment Donations

COVID-19 has caused a national shortage of Personal Protective Equipment (PPE). Aultman facilities are quickly running out of this critical safety equipment, which is needed to protect our staff on the front line. We are asking members of our community to consider donating any PPE they may have in an effort to help protect our nurses and health care workers.

Specific needs include:

- N95 masks
- Surgical-type masks
- Disposable splash gowns
- Exam gloves
- Cleaning/disinfecting wipes
- Hand sanitizer

If you have any of these items and would like to donate them, please use the contact listed below to arrange pickup/delivery. Donations may be tax deductible as approved by the IRS.
